

What is Driftscape?

Driftscape is a FREE local discovery application available for download on iOS and Android mobile devices. The app acts as a personal guide helping users find fun things to do and cool places to go in their local environment. Municipal staff update the app regularly and have organized attractions into the categories below.

How do I use the app?

Driftscape is incredibly user-friendly. To get started, simply download the Driftscape app on your mobile device. You can easily access it by [clicking here](#) or scanning the QR code above. These actions will redirect you to either the App Store or Google Play Store, where you can download the app for free. After successfully downloading the app, open it up to begin your exploration. Navigate the map by smoothly dragging your finger and clicking on points of interest that catch your attention. Alternatively, search #exploreNP to access a thoughtfully curated list of upcoming activities and attractions. Enjoy your journey!

Can I recommend events or experiences to be featured on the app?

Yes, events that are submitted to the Community Calendar and Community Connection Newsletter will be considered by staff to be posted on the Driftscape app. If you wish to submit an event, place, tour or experience for consideration to be posted on the app, email the details to driftscape@northperth.ca. Please note that not all submissions will be posted on the app.
